Re: Redemptive Strategies Broadcasting, LLC (RSB)
WCSZ(AM), Sans Souci, SC
Facility Identification Number: 25235
Special Temporary Authority (STA)
BESTA-20191001AEY

Dear Mr. Cherry:

This is in reference to the request filed on October 1, 2019. RSB requests a further extension of the STA granted on August 9, 2013, to continue ND operations with reduced power to allow time to complete all repairs/modifications and file the required FCC Form 302 application.¹ In support of the request, we noted that RSB stated that additional time is needed to file the application to update all operating parameters.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and RSB may continue to operate ND daytime with reduced power using tower #2 (ASRN #1055339), and ND at night using a maximum of 0.375 kW. RSB must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. RSB must submit an e-mail to note the date the station

¹ WCSZ(AM) is licensed for operation on 1070 kHz with 50 kW day (ND) and 1.5 kW night (DA).

filed the 302 application (or to note if an FCC Form 301 application was filed first to make other changes that require a construction permit).

This authority expires on **April 20, 2020**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a long horizontal stroke extending to the right.

Joseph Szczesny, Engineer
